- Compare last years statistics to this year's data in narrative

FASSR Program Component Checklist

- Part 1 - Regions/OSG/477 Program Certification
- Part 2 - Central Office Certification

BACKGROUND ON THE METHODOLOGY

The Congressional Mandate requires the following:

1. The BIA must distribute Welfare Assistance funds in a manner that is **Fair and Equitable to all Tribes.**
2. The BIA **cannot exceed the Statutory Cap** placed on Welfare Assistance, when distributing funds to Tribes and BIA agencies.
3. The Statutory Cap typically equals the total annual appropriation enacted by Congress for Welfare Assistance
4. The Statutory Cap was enacted originally in Fiscal Year 1994 and has been in place each year thereafter.

WHAT DOES THIS MEAN?

- The BIA **must** implement a **funding distribution methodology** that is fair and equitable for the distribution of Welfare Assistance funds.
- The BIA cannot reprogram funds from other programs (i.e. Justice Services Programs or Trust Services programs) to address shortfalls in Welfare Assistance.

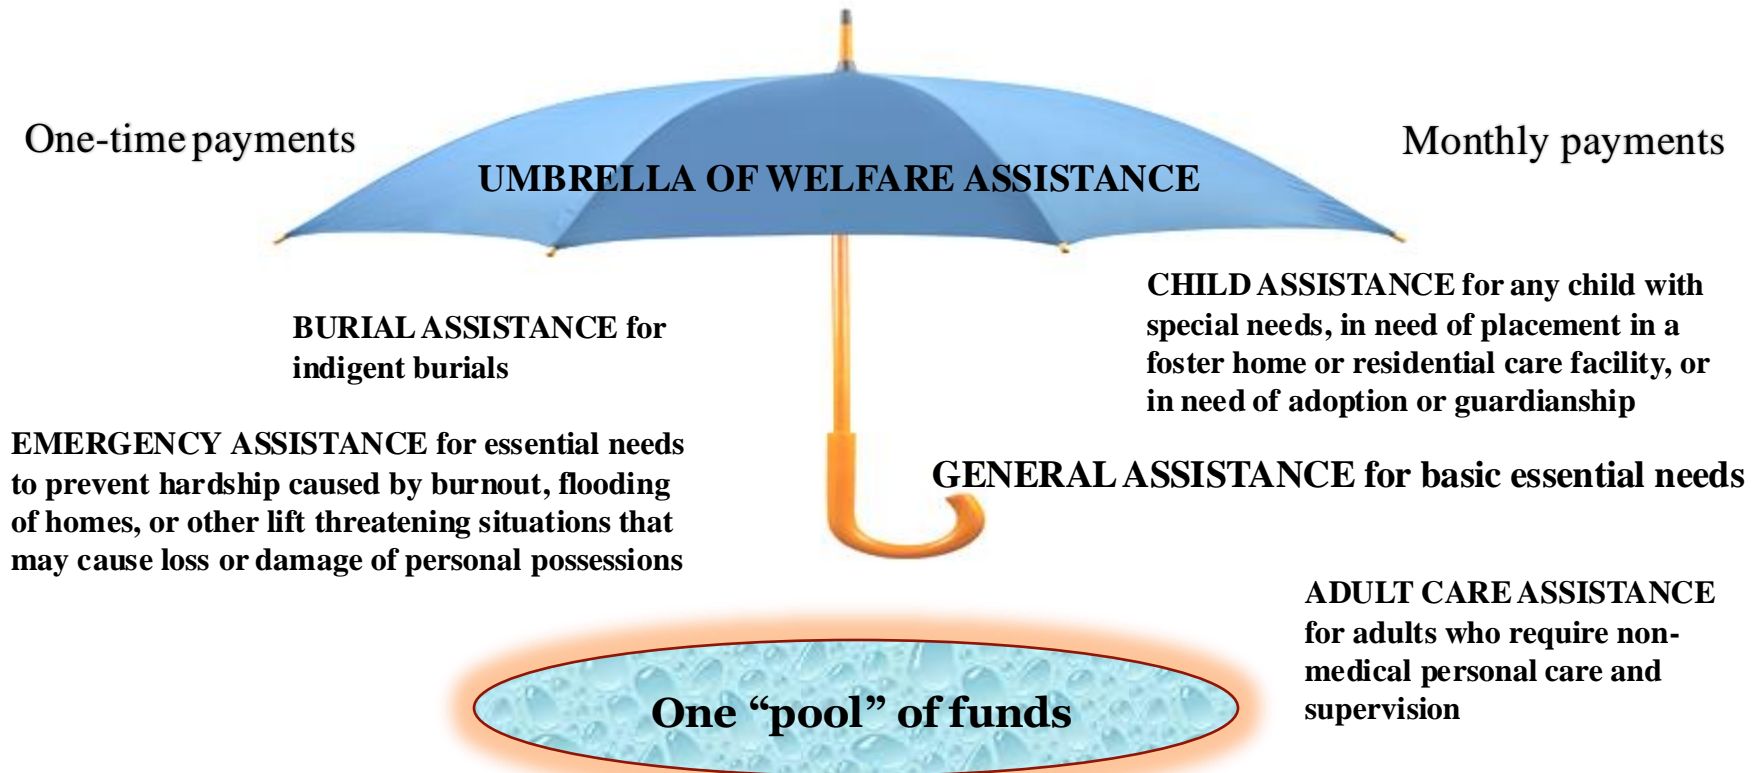

HOWEVER- Congress has included annual Appropriations language that allows **Tribes** to use their recurring Tribal Priority Allocations (TPA) to meet shortfalls:

*”of which not to exceed \$78,000,000 shall be for welfare assistance payments...except that *federally recognized tribes*..., may use their tribal priority allocations...for unmet welfare assistance costs...”

WHY DO WE USE THE FASSR?

1. FASSR provides a consistent and standard process for all Tribes and BIA agencies. The FASSR process aligns more closely with the policy on Self-Determination and Self-Governance.
2. The data compiled in the FASSR is driven by the *Tribe*.
 - The information the Tribe provides and certifies in the FASSR is the basis for the Welfare Assistance Funding Distribution Methodology.
3. Each Tribe or BIA Agency reports their need which is then the basis for funding. The data in the report is used to determine the level of funding for your Tribe, Agency, or Program.

25 CFR PART 20 SUBPART C – DIRECT ASSISTANCE

WELFARE ASSISTANCE IS A SAFETY NET PROGRAM

- It is only used when comparable financial assistance or social services are either not available or not provided by state, tribal, county, local or other federal agencies.
- It is a secondary or residual resource and must not be used to supplement or supplant other programs. (25 CFR Part 20.102)

WELFARE ASSISTANCE RATES

Welfare assistance categories are funded each year at rates established by the Assistant Secretary – Indian Affairs (AS-IA) or the state rates where the individual resides.

These are the current rates and are subject to change:

- Child Assistance (state foster care rate);
 - The state foster care rate (includes clothing, incidentals, and personal allowance) in accordance with established state standards of payments. 25 CFR Part 20.509(d).
- Guardianship/Adoption Subsidies (state foster care rate)*
- General Assistance (state TANF rate);
- Adult Care Assistance (state rate);
- Burial Assistance rate (a maximum of \$3,500 per burial);*
- Emergency Assistance (a maximum of \$1,500 per household)*
 - * Bureau Standard Payment Rate Memo dated June 28, 2024, increased rates.
- Disaster Assistance and the Tribal Work Experience Program are no longer funded, and welfare assistance funds cannot be used for these purposes.

Memorandum

To: Regional Directors
Central Office Directors
Director, Office of Self Governance

From: Bryan Newland 
Assistant Secretary – Indian Affairs

Subject: Bureau Standard of Assistance for 25 CFR Part 20 Social Service Programs

Effective as of this date of this memorandum and in accordance with the Human Service regulations at 25 CFR Part 20, the following maximum payment standards are established and supersede any previous standards:

- (1) Child assistance specific to adoption/guardianship subsidy: the maximum maintenance subsidy must not exceed the basic foster care rate for the age group of the child in the state where the child resides;
- (2) Burial assistance: \$3,500.00 per burial; and
- (3) Emergency assistance: \$1,500.00 per household.

Please ensure all affected Bureau of Indian Affairs and Tribally operated programs are promptly notified of this standard of assistance payment modification. It is imperative all contracts/compacts are adjusted accordingly to reflect these updated standards.

Should you have any additional questions or require further clarification regarding this change, please direct your inquiries to Ms. Evangeline Campbell, Division Chief, by phone at (202) 513-7621 or email at evangeline.campbell@bia.gov.

ACTUAL PERSONS SERVED & EXPENDITURES

How to Count Child Assistance and Actual Persons Served

- Count the child in each month he/she is provided Child Assistance funding

How to Count Child Assistance Quarterly Expenditures

- Count the total amount paid in services to the vendor

Case Scenario 1: You have 4 children in foster care in Quarter 1. For each month a child is in care, you would count the child, 1 time and add the total amount paid for that child. In the scenario below all 4 children were served in the months of October, November and December at the costs identified below.

FY	MONTH	Child 1 Age 8	Child 2 Age 7	Child 3 Age 10	Child 4 Age 9	TOTAL MONTHLY EXPENDITURES	ACTUAL PERSONS SERVED
Q1	October	\$628.20	\$628.20	\$314.10	\$628.20	\$2,198.70	4
	November	\$628.20	\$628.20	\$628.20	\$628.20	\$2,512.80	4
	December	\$628.20	\$628.20	\$628.20	\$209.40	\$2,094.00	4
Q1 TOTAL:						\$6,805.50	12

To get monthly foster care rate: \$20.94 (Daily Total) x 30 (Days) = \$628.20

\$20.94 (Daily Total) x 15 (Days) = \$314.10

\$20.94 (Daily Total) x 10 (Days) = \$209.40

How to Count Adult Care Assistance Actual Persons Served

- Count the Adult in each month he/she is provided Adult Care Assistance for each Category

How to Count Adult Care Assistance Quarterly Expenditures

- Count the Total Amount paid in Services to the Vendor

Case Scenario 1: You have 4 adults in residential care in Quarter 1. For each month an adult is in care, you would count them 1 time and add the total amount paid for that adult. In the scenario below all 4 adults were served in the months of October, November and December at the costs identified below.

FY	MONTH	Adult 1	Adult 2	Adult 3	Adult 4	TOTAL MONTHLY EXPENDITURES	ACTUAL PERSONS SERVED
Q1	October	\$433.50	\$433.50	\$289.00	\$867.00	\$2,023.00	4
	November	\$867.00	\$867.00	\$867.00	\$867.00	\$3,468.00	4

	Q1 TOTAL:						\$8,959.00

To get monthly adult care residential rate: $\$28.90$ (Daily Rate) \times 30 (Days) = $\$867.00$
 $\$28.90$ (Daily Rate) \times 15 (Days) = $\$433.50$; $\$28.90 \times 10$ (Days) = $\$289.00$

How to Count General Assistance Actual Persons Served

- Count the Household Size used to Determine Monthly Payment Standard
- Count the Check Amount

Case Scenario 1: An Unemployable client with a household size of 1 receives General Assistance for the months of October, November, and December at a rate of \$100 per month. You would count that person a total of 3 times, once for each month for Quarter 1 at a total cost of \$300. (See Below)

Case Scenario 2: An Employable client with a household of 2 receives General Assistance for the months of November and December at the monthly standard rate of \$250 per month. You would count the total household of 2 for each month in Quarter 1 for a total served of 4 at a total cost of \$500. (See below)

FISCAL YEAR				
FIRST QUARTER				
Month:	October	November	December	Q1 Total
<i>Unemployable Case 1</i>	1	1	1	3
Cost:	\$100	\$100	\$100	\$300
Employable Case 2				
<i>Employable Case 2</i>	0	2	2	4
Cost:	0	\$250	\$250	\$500

Total Actual Persons Served: 7

Total Expenditures: \$800

Based on this scenario, you would have served a total of 7 General Assistance clients in Quarter 1: 3-Unemployable & 4-Employable, for a total of 7 Actual Person Served, at a total cost of \$800

Burial Assistance Data

Report the actual number of persons served and total expenditures for financial assistance payments made on behalf of indigent Indians who meet the eligibility criteria to receive funds for minimum burial expenses.

Payments shall not exceed standards of payment established by the Assistant Secretary -Indian Affairs.

➤ Burial Rate established by AS-IA is \$3,500

How to Count Burial Assistance Actual persons Served

- Count the Actual Number of People provided Burial Assistance
 - For example: 1 Burial = 1 Person

How to count Burial Assistance Expenditures

- Count the Check Amount Paid to the Vendor(s)
 - For example: If October you paid \$3,400 for Burial Expenses and then \$100 to a Local Vendor for Wake Expenses for a Tribal member – you would still report \$3,500, but only report 1 person served for that month.

Emergency Assistance Data

Report the actual number of persons served and total expenditures due to forces beyond their control that caused loss or damage of personal possessions as specified in §20.329; such as damage due to burnout, flooding of homes, or other natural disasters.

- Payments shall not exceed the rates established by the Assistant Secretary -Indian Affairs.
- Emergency Assistance Rate established by AS-IA is \$1,500.

How to Count Emergency Assistance Actual persons Served & Expenditures

- Count the Actual Number of Family members Served with the Emergency Assistance payment
 - For example, a family of 5 would receive the same amount of Emergency Assistance as a family of 2, thus count the Household Size

WHY DO WE WANT DATA ON THE NON-FINANCIAL ASSISTANCE PROGRAMS?

- Typically, labor-intensive services
- These programs are as important as the Welfare Assistance programs
- Programs focused on:
 - Assisting families in solving problems related to family functioning and interpersonal relationships.
 - Referrals for problems related to physical or mental disabilities, substance use
 - Protective services

Data Section of the FASSR

**Non-Financial Assistance*

IIM Accounts SERVICES vs. ACTUAL PERSONS SERVED

IIM Accounts Services

Services include case management services with outcome that are conducted on active supervised IIM accounts each quarter, for example, but not limited to: conducting a social service assessment to restrict an IIM account, updating addresses, conducting evaluations and assessments to support a distribution plan, home visits to determine who has custody of the account holder, preparing Kennerly Letters, conducting appeal hearings, and other guidance and support to the supervised account holder.

IIM Accounts - Distribution Plans Processed

Report the actual number of distribution plans approved for payments by the Bureau Line Officer on Supervised IIM Accounts. Record all other services provided under the “Services” category. The approved distribution plans include information on the purpose, payees, amounts of payments, and frequency of payments.

Services-Only
SERVICES vs. ACTUAL PERSONS SERVED

Child Protection Services

Services and activities necessary to protect an Indian or Alaska Native child who is the victim of an alleged and/or substantiated incident of abuse, neglect, or exploitation. These activities include assessments, phone (info & referral), activities, home visits, reports to courts, contacts made with law enforcement, court activities, investigations, request for information, working with MDT and CPTS, etc. Every 'child' not 'case'

Adult Protection Services

Services and activities necessary to protect an Indian or Alaska Native adult who is the victim of an alleged and/or substantiated incident of abuse, neglect or exploitation. This would include IIM cases when abuse occurs, however IIM Activities should be counted separately under IIM Services. Activities under this section can include preventative services, services to homeless, and services to Veterans.

Question #5 automatically populates from the data section .

Question #5: What type of delivery method is your program? (Is your GA operated through an approved 477-plan (477), do you have a ISDEAA Contract to operate the program under P.L. 93-638 (638), are you a BIA-operated program (BIA), or are you a Self-Governance Tribe (OSG), or a Combination of these? (For example, 638-477, your tribe has a 638 contract but operates General Assistance through a 477-plan.)	638
Question #6: Briefly describe your staffing: How many workers do you have under your program? What is the client to staff ratio per worker? Describe your staffing. What is the client to staff ratio per worker.	

SECTION II: THE NARRATIVE QUESTIONS

<p>QUESTION #7: How much carryover was reported in Column Q in the Data Section of the PREVIOUS REPORTING YEAR, if any or applicable?</p>	<p style="border: 1px solid blue; border-radius: 50%; padding: 2px;">5,000.00</p>
<p>QUESTION #8: (1-2 paragraphs). Compare the current year statistical report to the previous year. Discuss changes in the number of persons served - increases or decreases in services/ case loads, and funds expended. If different, why? (i.e. natural disaster, inflation, program funds reduced). How might your program be impacted should a shortage of funds occur? (i.e. cite programs that were discontinued or areas where services were reduced due to a shortage of funds). What success stories can you share?</p>	
<p>Foster Care: In FY 2023, we provided foster care services to a total of 58 children with expenditures of \$36,435.60. In FY 2024, we provided foster care services to a total of 48 children, with actual expenditures of \$29,433.30. We are using the state rate of \$20.94 per day for the age group of the child. We are anticipating of serving 48 children this FY with cost of \$29,433.30. Parents are working on their case plans; all case plans are for reunification with their parents.</p> <p>Adult Residential Care: FY 2023, we served 3 adults with expenditures of \$8,959.00. In FY 2024, We served 36 persons with expenditures of \$29,767.00. Our goal is to have all adults back home in Q4. This is an increase of adults served compared to last year. We are using the state rate of \$28.90 per day.</p> <p>General Assistance: In FY2023, we served 6 clients with a total of \$1,377.00. This Q1 we served 3-Unemployable & 4-Employable, for a total of 7 Actual Person Served, at a total cost of \$800, we are projecting to serve a total of 32 clients with total expenditures of \$3,300.00. The decrease in expenditures is due to the number of members in the household in 2023 compared to single household applicants this quarter. We used the state rate for TANF with shelter cost.</p> <p>Burial Assistance: FY 2023, we had 1 Burial of \$2,400 for Burial Expenses and then \$100 to a Local Vendor for Wake Expenses for a Tribal member for \$2,500. In FY 2024, We had 5 burials for a total expenditure of \$17,500 for the fiscal year. We have an increase in burial from last FY. We did not pay for burial last fiscal year as we did not have enough funds for the burial request when it was submitted. There was an increase in burial funding as well. We used the BIA rate of \$3,500.</p> <p>Emergency Assistance: There is an increase of emergency assistance from the previous year as we did have any applications for emergency assistance. In Q1, we approved a family of 5 for \$1,500 as their house was flooded in November. No other resources were available for payment. We did not have any other expenditures for emergency assistance this fiscal year. We used the increased BIA rate of \$1,500.</p> <p>Child Protective Services: Our program have recorded 150 CPS activities as compared to last year's program of 120 as we have staffing vacancies. This FY we are fully staffed, and CPS has been working with families and safety plans to decrease substantiated cases, referrals, conducting home visits, etc.</p> <p>Adult Protection: Last year adult protection was at about 35, this quarter we have seen an increase in reports of neglect in our homeless population. 65 services have been provided to persons as our adult protection worker is collaborating with programs to assist in gaining employment and housing. Our adult protection worker is working with families on preventive services.</p> <p>Child and Family Services: We provided 80 services to our clients, which included:</p> <p>Domestic Violence Services: We have 5 services for DV, we transported a client and to a safe house and provided advocacy services to the client. Last FY, we did not have any cases that have DV. This is an increase of activities from last fiscal year.</p> <p>Successes: Last year we did not have a permanent Social Services Director the staff continued to provide ongoing services to 498 persons without service interruption. We closed 3 foster care case, 10 children achieved permanency.</p> <p>Welfare Assistance Funding: in FY2024, Tribe A began the fiscal year with a carryover of \$5,000 and received one WA distribution in the amount of \$70,000 for a total funding for 2024 of \$75,000 (column Q). Should a shortage of funds our 48 children in foster care would be most impacted as well as relatives receiving financial payment to assist in meeting the needs of children placed in their care. Our children are experiencing trauma from child abuse and neglect. Tribe A is responsible for the protection of children and could not adequately continue to protect children experiencing child abuse and neglect, if there was a shortage of welfare funding.</p>

HOW DO INCOMPLETE FASSRS AFFECT THE CLIENTS WE SERVE?

- The recipients are ultimately the ones most impacted. For example, foster care payments may cease if there is no available funding.
- The BIA will not have the data/information it needs to justify the Welfare Assistance funding to decision makers; and this could impact the level of funding the BIA receives in future funding years- it may lead to a decrease in Welfare Assistance funding.
- The BIA cannot make a fair and equitable distribution. This delays the distribution of funds- which directly impacts those served by the program.
- Without funding Tribal and Agency programs may have to shut-down their program.
- No Report = No Funding

2024 Funds allocated (BERT/FBMS)	Certified 2023 FASSR Carryover	Available Amount Allocated funds + carryover	2024 FASSR reported expenditures	FASSR Carryover or Deficit
\$	\$	\$	\$	\$

Do the amounts list above match what is on the FASSR? (Yes/ No) If no, check the narrative to see if the Tribe explained why their amounts are different. If there's no explanation in question #8 in the narrative, the Tribe will have to make the correction on their FASSR.

Column R: Does the Tribe have a carryover? (Yes/ No) Does the Tribe have a deficit in welfare assistance funding? (Yes/ No) If yes, did the Tribe state how the expenditures were paid in their narrative section, question #8? For example, the Tribe used general Tribal funds to pay for the deficit in expenditures. If no, work with the Tribe to have them state how they paid their deficit in the narrative section, question #8.

Analyze the Data

- Are the averages within the AS-IA payment standards or by the state? If not, the Tribe will have to explain in the narrative why the payments are not within the payment standards.
- Expenditures and Actual Persons Served: To get the average payments for each payment component you will divide Column P(expenditures)/N (# of persons served).
